GitHub: github.com/prajwalpatil2204 | LinkedIn: linkedin.com/in/prajwal-patil2204

PROFESSIONAL SUMMARY:

Entry-level Data Science enthusiast with a strong foundation in machine learning, data analysis, and visualization. Proficient in Python and SQL, with hands-on experience through academic projects and training. Completed Data Science certification from SevenMentor Training Pvt Ltd. Eager to apply analytical skills and learn advanced techniques to contribute to data-driven decision-making in a collaborative environment.

TECHNICAL SKILLS:

- **Languages:** Python, SQL
- **Frameworks & Tools:** Power BI, Excel, Git, Docker
- **Data Science:** Machine Learning, Deep Learning, AI, Data Analysis, Model Deployment
- **Cloud & DevOps:** AWS EC2, GitHub Actions, CI/CD, OOPs
- **Soft Skills:** Problem Solving, Team Collaboration, Critical Thinking

PROJECTS:

1. **Kidney Tumor Detection (Deep Learning, AWS)**
 - Objective : To assist radiologists in early **detection of kidney tumors** using **deep learning**.
 - Approach : Developed a **Convolutional Neural Network (CNN)** model based on the **VGG16 architecture**, achieving a classification **accuracy of 96.2%** on medical imaging datasets.
 - Deployed the model using Docker on **AWS EC2**, ensuring scalability and reliability.
 - Implemented CI/CD pipelines using GitHub Actions for automated testing and deployment.
2. **Sensor-Based Fault Detection System (ML, FastAPI)**
 - Designed and implemented a real-time **fault detection system** using **Decision Trees, Random Forests, and Neural Networks**.
 - Integrated **data drift detection mechanisms** to maintain model accuracy over time.
 - Developed **RESTful APIs using FastAPI** for seamless integration with other systems.
 - Conducted extensive testing to **ensure robustness and reliability of the system**.
3. **Expense Tracker (Python)**
 - Developed a **Command-Line Interface (CLI) application** to efficiently manage and categorize personal expenses.
 - Implemented **CSV-based data storage** for persistent expense tracking and retrieval.
 - Applied **modular programming and clean code practices** to ensure maintainability and scalability.
 - Optimized performance for quick data processing and enhanced user experience.
 - Incorporated **data validation and error handling** to improve reliability and usability.

CERTIFICATION:

Data Science Certification – SevenMentor Training Pvt Ltd, Pune

SQL, Python, PowerBI, Statistics, Machine Learning, Deep Learning and Artificial Intelligence

EDUCATION:

B.E. in Computer Engineering

G.S. Moze College of Engineering, Pune - Savitribai Phule Pune University

2017 - 2024 | CGPA: 8.09

HSC – Science with IT

Abhishek Vidyalayam Jr. College, Chinchwad

2015 - 2017 | 60.63%

SSC

Vidya Niketan English Medium School, Pimpri

2005 - 2015 | 72.60%
